

The meeting place for Senior Executives in the RAN community

[RAN World 2017](#) bridges the gap between business strategy and technical expertise, bringing MNO CTOs and engineers together for a deep-dive look into challenges, sharing and growing knowledge.

Join us on 19-20 September in Barcelona and take advantage of:

- **In-depth discussions at the working groups**, honing in on topical issues including SON, Virtualisation, Massive MIMO, MEC, mmWave, C-RAN, 5G and more: check out the [latest speakers online](#)
- **International best practice and innovation at the RANNYs Awards**: the 2017 RANNYs will see operators rewarded for innovation in radio access trials and deployments. The awards ceremony will be held on 19 September 2017, as part of RAN World.
- **Technology demonstrations and new products launches** from our research partners and vendors, taking place throughout RAN World in the exhibition area
- [New 5G use case working groups](#) exploring the business models, applications and monetisation opportunities bringing new network infrastructure to the fore
- **Senior meeting place for decision makers and innovators** who are driving the latest developments in tomorrow's network infrastructure

[Register here](#) to make sure you can join us for the latest developments in radio access technologies, and deployments from leading global operators. There are also limited **free passes** available for operators & end users, so don't miss your chance and [register today!](#)
